

Foundation School Information Update

ISSUE 18 20/21

This is your information update from the foundation school. The content of these updates will be local and national courses and information relevant to foundation trainees which will vary from week to week. If you would like to contribute to the update, please contact suzanne.maddock@hee.nhs.uk or Natalie.Band@hee.nhs.uk.

*****Please note that the publicising of courses, conferences and events in this update does not imply endorsement by the Peninsula Foundation School and advertised courses will not necessarily secure study leave.*****

In This Issue:

[National Bristol Patient Safety Online Poster Competition 2021 Deadline 9th April](#)

[OXFSS & RCS Edinburgh Core Surgical Training Interview Preparation evening 20th January 2021](#)

[SCRIPT e-learning for safer prescribing](#)

[Foundation e-learning programme](#)

National Bristol Patient Safety Online Poster Competition 2021 - Deadline 9th April

National Patient Safety Online Poster Competition 2021

including: Quality Improvement (QI), Education and Innovation projects

Deadline 9th April 2021 - online entry form here: <http://www.bristolpatientsafety.com/poster-competition.html>

The pandemic has necessitated new approaches to the provision of medical care in unprecedented circumstances. We invite you to share QI projects and projects that encompass learning during this time

We have up to 100 poster places at our online conference. Successful entries receive:

- An invitation to give a live poster presentation* at the online Bristol Patient Safety Conference on 16th June 2021
- A discounted delegate rate of £159. Co-authors will also qualify for the discounted rate.
- A national poster competition oral presentation certificate with names of presenter(s) and authors; attendance certificate.
- There will be a first and second prize for each poster group of 10 posters.

* 2-minute oral presentation followed by Q&A

Who should apply?: junior doctors, nurses, midwives, consultants, AHPs, GPs, medical students and those working in care settings among others

More details of this national poster competition on our website [here](#).

OXFSS & RCS Edinburgh Core Surgical Training Interview Preparation evening 20th January 2021 18:30h – 20:30h*

****Note from Peninsula Foundation School – due to the short notice we have received about this event no study leave will be agreed for trainees wishing to participate.***

The Oxford Foundation Surgical Society (OXFSS) is collaborating with RCS Edinburgh for a Core Surgical Training Interview Preparation evening on **20th January 2021** and invite potential applicants around the UK to attend the webinar.

The evening will include a series of informative talks providing more information on the interview process

and tips on how to succeed in the clinical and management stations from previous successful applicants, including an example interview of a previous successful applicant by two consultant examiners.

18:30 – 18:35	Welcome and Introduction – Mr Michael Silva, TPD for Higher Surgical Training (Gen Surg) HETV, Director of the RCSEd Regional Surgical Advisory Network
18:35 – 19:05	The 2021 CST Selection Process – Mr Stuart Clark, RCSEd Council An Introduction to Core Surgical Training – Mr James Gilbert, TPD for Core Surgery, HETV
19:05 – 19:25	How to Succeed in the Core Surgical Interview – Mr Abbas See
19:25 – 19:55	Example Interview – Mr Joel Ward
20:00	Thanks and Close

Click here to Register for the Event <<https://www.rcsed.ac.uk/professional-support-development-resources/learning-resources/webinars/surgical-careers-support/oxford-foundation-surgical-society-core-surgical-training-interview-preparation-evening>>

We are also incredibly lucky to be offering 1:1 practice interviews in which applicants can experience a mock interview with a CST, SpR or Consultant interviewer. These will be held between 20:00-20:30h (after the main event). Clinical and management stations will be covered exactly as in the real interview (including a management presentation), with 1:1 feedback given. We will only be able to accept the first 20 people who sign up (subject to receipt of a deposit). As places are extremely limited, please only sign up if you have applied for CST this year and are expecting to interview. Applicants who are successful in securing a slot will be contacted by 15/01/2021.

1:1 practice interview sign up

<<https://forms.gle/797mLBFLgf9FPmVX6>>Please also remember to sign up for the main event using the previous link in order to be eligible for the mock interview.

We look forward to seeing you there.

Warm regards,

Oxford Foundation Surgical Society

SCRIPT e-learning for safer prescribing

Created in 2010, the SCRIPT e-learning programme was developed by the University of Birmingham and OCB Media and commissioned by Health Education England.

The e-learning is designed to encourage safe and effective prescribing and optimal medicines management among healthcare professionals.

How effective is e-learning?

The European Association for Clinical Pharmacology and Therapeutics (EACPT) Working Group on education recently conducted a review to identify and assess the effects of digital learning on learner-related and clinically relevant outcomes.

They concluded that “*e-learning is the most-used type of digital learning for safe and effective prescribing education and is efficacious in teaching undergraduate and postgraduate prescribers the required knowledge, skills, and attitudes*”.

About the SCRIPT Medicine and Surgery portfolio for foundation trainee doctors

The SCRIPT Medicine and Surgery e-learning portfolio for foundation trainee doctors is a collection of 49 modules, delivered through a dedicated learning platform, that have been specifically designed to help improve the prescribing competency and safety of foundation doctors. The portfolio is freely available to all foundation schools in England.

A module usually takes approximately one hour to complete but does not have to be completed in one sitting. Content has been authored by a team of expert healthcare professionals and is reviewed and updated on a regular basis.

How do I access the programme?

Anyone with a @nhs.net or @nhs.uk e-mail address can access [SCRIPT Medicine and Surgery](#) for free.

Foundation e-learning programme

The [Foundation e-learning programme](#) has been developed specifically for Foundation doctors by the Academy of Medical Royal Colleges in partnership with Health Education England e-Learning for Healthcare (HEE e-LfH) and is approved by UKFPO.

Do you need to complete parts of the curriculum on your e-portfolio which you do not cover in day-to-day practice? If so, why not try some of our free e-learning mapped directly to the Foundation Professional Capabilities (Training Outcomes) in the 2016 Foundation Curriculum.

The sessions in the e-LfH Foundation e-learning programme:

Professional Capability: 2

Delivers patient centred care and maintains trust sessions:

- [Assessing Mental Capacity](#)
- [Planning Ahead Using the MCA](#)
- [Best Interests](#)
- [Restraint](#)
- [Deprivation of Liberty](#)
- [Patient Autonomy and Related Ethics](#)
- [Safeguarding Vulnerable Adults](#)
- [Confidentiality and Privacy](#)
- [Keeping the Patient at the Centre of Care](#)
- [Seeing the Whole Picture](#)
- [Family Dynamics Affecting Discharge](#)

You can sign in to the e-learning with your login supplied by e-LfH at any time during your foundation training.

HORUS linkS to e-LfH e-learning sessions from the FP Curriculum and are therefore accessible to all trainees, making it quicker and easy to access the appropriate session linked to the curriculum.

We hope you find the information in this Update useful, however if you no longer wish to receive regular

Updates from the Peninsula Foundation School please [OPT OUT](#) here
